John Prine

[Back to Song Sheets](#)

G C G  
While out sailing on the ocean, While out sailing on the sea  
G A D  
I bumped into the Savior, And He said pardon me  
G C G  
I said "Jesus you look tired", He said "Jesus so do you,  
C D G  
Sit down son, 'Cause I got some fat to chew"

Chorus:

G C G  
Everybody needs somebody that they can talk to  
G  
Someone to open up their ears  
A D  
And let that trouble through  
G  
Now you don't have to sympathize  
C G  
Or care what they may do  
C G D G  
But everybody needs somebody that they can talk to

G C G  
Well he spoke to me of morality, Starvation, pain and sin  
G A D  
Matter of fact the whole dang time, I only got a few words in  
G C G  
But I won't squawk, Let 'em talk, Hell it's been a long long time  
C G D G  
And any friend that's been turned down, Is bound to be a friend of mine

(Repeat chorus)

G C G  
Now we sat there for an hour or two, Just eatin' that Gospel pie  
G A D  
When around the bend come a terrible wind, And lightning lit the sky  
G C G  
He said so long son I gotta run, I Appreciate you listening to me  
C G D G  
And I believe I heard him sing these words, As he skipped out across the sea

(Repeat chorus)
